WHAT ARE PARTYPUNKS?

PartyPunk NFT's are your AAA pass to PartyFinance!

PartyPunks are a collection of 10,000 unique punks on Matic.
No two punks will be the same.

Each punk minted will give a one-time rebate to its new owner,
with enough pFi tokens to get started on the PartyFinance
Platform.

Join the #PushinPink Alliance!

GOALS AND MISSION

PartyFinance aims to be the onramp to Defi!

NFT x DeFi = PartyPunks

Our goal is to pioneer a new way of investing in Decentralised Finance. Group up with friends and make Whale moves.

#PUSHINPINK

THE PROJECT

Holding a PartyPunk will give users early access to PartyFinance.

You'll be joining a community of like minded investors looking to increase their knowledge and wealth, while having fun in the process!

#PUSHINPINK

PARTYFINANCE

PartyFinance is the improved version of traditional DeFi - a U2E (Use to Earn) gamified investing platform that allows users to party up to Trade, Network, Learn and Invest together as a single entity.

- ⌄ Combine Funds
- ⌄ Trade as One
- ⌄ Learn Together

PRE/POST MINT STRATEGY

We won't give you the 'post-mint blues', where you're sitting and wondering what to do or what's coming next. To achieve our goals before mint we have organised:

- ⊗ Whitelist competitions
- ⊗ Listing on Rarity Tools and Rarity Sniper
- ⊗ Listing on NFT launchpads
- ⊗ Exclusive influencer campaigns
- ⊗ Collaborations with other NFT projects
- ⊗ Social media marketing
- ⊗ Decentraland Integration
- ⊗ And more!

After the minting has finished, holders will have exclusive access to PartyFinance.

#PUSHINPINK

MINTING INFORMATION

Minting will be on the Matic Blockchain by the end of March 2022. A guide to setting up your MetaMask for Matic can be found here:
